

...april 12, 1985...

this is no-space – no-time –
i am in all dimensions of myself
yin-yang complete
pulsing probabilities
future-present-past
to be here-now
now-here
nowhere –

i am all one –
al-one –
conjoined
in multiple realities
of every thing and place
exploding instantaneously
eternally
into – out of the whole
born ocean earth and sky –

i am the breath
of every where and when
infusing all-that-is
all-that-was and will-someday-be
and yet i do not move –
the there-of-then and every-where
swells always now-and-here –
in the omnipotence
of all-that-is
that is no-time no-space.
