

...april 16, 2010...

*now to cry another leaving –
laugh another meeting up –
each moment sweet in brevity
sipping an eternal cup –*

*now to catch a brilliant sun
tossing prisms to the sky
through a cloud kaleidoscope
that reshapes the captured eye –*

*there you are – a moment stopped –
camera safe – yet somehow lost
in a strange simplicity
that only photographs can catch.*
