

...october 3, 2015 ...

**a paper rose - as boutonniere
to decorate your teddy bear -
purple curtains - pulled aside
on windows of a vanished world -**

**a warming blanket wraps your sleep
in visions only you can speak
blurring this reality
into the realms of fantasy -**

**i visit you in silences
of paper nodding violets -
thank you - thank you - spirit friend -
until - until we meet again.**
