

...november 9, 2015 ...

**now i sit in reverie  
of there and here and in between  
not quite sure of where i am  
and not quite sure of where i've been –**

**floating between chair and wall  
fading to invisible  
downside up and upside down  
until i am not here at all –**

**imagining the you and you  
reflecting me and me and me  
like crystal prisms scattering  
into a hundred thousand beings.**
