

...september 25, 2015 ...

ten eagles soaring  
shadow wise  
between white clouds  
of billowed mist -  
refracting you  
into disguise  
of breathless wind  
and wonderment -

you not there  
and yet you are -  
no longer trapped  
in dying sleep  
but spiralling  
among the high  
in a magnificent  
goodbye.
