

...january 10, 2018...

**princess suzie
princess sam
do the jitterbug
down in princess land –
swinging high and
swinging low
swapping songs
into doe-see-doe –**

**only here and
only now
stepping fast and
stepping slow –
weaving light with
sun and rain
re patterning the
rainbow's end –**

**princess suzie
princess sam
prismed between
surf and cloud –
fairy partners
dusk and dawn
dancing to the
mist and fog.**
