

A close-up, profile view of a middle-aged man with grey hair and glasses, wearing a blue button-down shirt over a dark t-shirt. He is speaking into a professional microphone with a pop filter. His mouth is open, and his hands are raised in a gesturing motion. The background is dark and out of focus.

*...january 30, 2018...*

speak soft - speak low -  
speak loud - speak slow  
an emphasis on lift and flow -  
act as if upon a stage  
stretching your voice beyond the page -

with smiles and frowns - with ups and downs  
weave a path of eloquence -  
a sultry sexy sibilance  
a brassy booming confidence -

a twist of breath - a range of tone  
from baby talk to ancientness  
playing chords of subtlety  
to be the who that you are not  
until - you're someone  
different.
