**a jade tree's on the balcony
drinking in the shade –
geraniums are blooming red
beside a pot of sage –**

**the feeders for the hummingbirds
are swaying in the wind
with sparrows – finches – chickadees
visiting between –**

**i am sitting – pen in hand
drinking in the warm
of open windows pulling me
into this world of sun –**

**here i am the peace of peace –
here i am the peace of change –
watching flowers bloom and fade
inside the heart of all-that-is.**
