

...june 30, 2023...

**in my hands – a crystal ball
opens portals beyond thought –
opening to world views
outside the boundaries of not –**

**i spiral into silences
through a vast and breathless
calm
wrapping me into a deep
that vibrates into the unknown –**

**i become the endless now
inside a potency of love
where everything's reflecting me
and i'm reflecting everyone –**

**is it tomorrow that you want
or futures that you cannot see?
the crystal ball is channeling
alternate realities.**
